

Gate Information from Your Community Access Committee (CAC)

The CAC in Cape Royal assigns your (3) Digit codes, assigns and installs your Sticker(s) and or Bar(s) on your vehicles. They also distribute the Personal Access Cards that are used to access the Guest Gate at the Front Entrance of Pine Island Rd.

If you are in need of a (3) digit code, Sticker(s) or Bar(s) please see your block captain. The Block captains will forward their copy to the CAC. When received, a CAC member will contact the resident and establish a date and time.

If you are in need of Personal Access Card(s) please forward an e-mail directory to the CAC at CapeRoyalCAC@CapeRoyalHOA.com. A member of the CAC will contact you and set a time and place to pick them up.

If you no longer have a vehicle that has a Cape Royal Sticker or bar on it, please notify your Block Captain or contact your CAC at CapeRoyalCAC@CapeRoyalHOA.com so that it can be removed from our gate entry system. The same holds true for the *Personal Access Cards*.

All (3) Digit codes, Stickers, Bars and Personal Access Cards will be issued to you after we receive the (FDS) Family Data Sheet filled out from your Block Captain.

This (3) digit code is programmed into the key pad at the Front Gate. It is entered *without* the # sign. Guests can access the number in the Alphabetical Listing on the key pad or you can give it to them the (3) digit code ahead of time. When the (3) digit number is entered your phone is called. Press (6) on your key pad to open the gate. New to the system: Cell numbers in the USA and Canada may be used at no extra cost to the residents.

- We highly recommend if your order a pizza or a service type of contractor after hours make sure you give them your code ahead of time.
- We highly recommend that you have your (3) digit code sent to your cell phone. We have found that a lot of the (3) digit codes are not going to the most available phone and therefore will not work properly.
- We also highly recommend building a contact in your phone for the “Front Gate” so that you will know who is calling you. The phone number that you will need to put into your contact for the Front Gate is: (239) 558-4022.

The Front Gate is open from dawn to dusk. The West Gate is always closed and will handle sticker & bar vehicles only! No trailers!

We live in a great Community with minimal problems but from time to time you do need to be prepared. We have a Neighborhood Watch Committee but we want everyone to be involved.

- If you have an emergency, call (911); if you see something suspicious strange vehicles, people soliciting etc., call the Sheriff @ (239) 477-1000
- Stay in touch with your Block Captain. Please make them aware of changes to your personal information and any concerns you may have about the Community.

Gate Bars: Damage could possibly occur to any vehicle tailgating into the Community using either of our gates!!

“Please Drive 25”

GATE KEYPAD INSTRUCTIONS

3 Digit Code:

Enter the homeowner's (3) digit code. (do not use the # sign) This will call the phone number tied to the 3 digit code for the homeowner. Once the homeowner answers and verifies the guest, the homeowner will push the number (6) on their phone and the gate will open.

NOTE: The homeowner's (3) digit code can also be found at the end of the homeowner's name on the digital display.

Proximity Card Access "PCA"

Please scan your "Proximity Card" within 2 to 3 inches from the black unit on the right hand side with the red light on it. This will activate a tone and then open the guest gate.

Problems with the gates please call (941) 257-3437 for help or to report an issue.

**FRONT GATE PHONE NUMBER:
(239) 558-4022**

This is the phone number that will appear on the caller screen on your cell phone or caller ID. We **recommend** that you add it to your list of contacts with the name of "FRONT GATE".
"Do not call it."
