

## Residents/Guests of Cape Royal:

Wondering ‘*What There Is To Do in Cape Royal*’ or ‘*How To Get Involved*’? In addition to the website content, we encourage you look at our Cape Royal Community Calendar which lists all the activities happening in the community.

The Cape Royal Community Calendar is a merge of Cape Royal Golf Club google calendar of public events and the caperoyalfriends google calendar where we post Cape Royal Community specific events.

The **primary objectives** of this calendar are to provide residents and guests with a comprehensive view of all the activities going on in Cape Royal, to encourage engagement, minimize conflicts and support the Cape Royal Golf Club restaurant and golf businesses.

### Calendar Features:

- The calendar is accessible from any page of the website via the tab along the top of the page and can also be found on Nextdoor.
- The calendar can be viewed by the week or month, using the tabs in the top right corner.
- When you click on most entries additional information is available in the drop-down box.
- Currently the orange colored entries in the calendar are public events offered through Troon GGP at the Cape Royal Golf Club and the green entries are Cape Royal Community-based activities.
- Private events which either limit or close the Cape Royal golf course or the Caloosa Club facilities to the public will be noted, as information becomes available.
- Caloosa Club Menu Specials and Upcoming Cape Royal Golf Events are now featured under the Golf and Dining Tab of the website, which can be found along the top of each website page.
- If you are not interested in golf and restaurant related entries, under the Agenda Tab in the top right of the calendar unclick “Cape Royal Golf Course.”

**We encourage you use this calendar when planning new events**, thinking about going up to the clubhouse and to find out more about the activities you want to get involved in!

And be sure to keep Karen Durand, a Cape Royal resident dedicated to keeping this calendar up to date in the loop regarding your upcoming events. She can be reached at [caperoyalfriends.com](http://caperoyalfriends.com).
